

KAM Driver Services is a driver consulting firm that educates and provides unconditional support to Company Drivers or Owner Operators. Our firm works with action-oriented clients who want to give themselves their best chance of success in the Trucking Industry. KAM Driver Services team of highly-skilled professionals invests time in our clients by providing interesting, stimulating, and fun courses with a one-on-one approach about Business Basics, Equipment Education, Insuring Your Future, CDL Protection, and Dollars and Sense.

KAM Driver Services also offers confidential, individual assistance in developing an efficient and effective transition plan from being employed or self employed to being a successful business owner. Our “Truck Business” professionals will guide you to design and follow a simple and sustainable blueprint for your business and life that will bring you more prosperity, happiness, and peace of mind.
